CHICAGO nuHaus

Good design can be beautiful as well as functional.

✳ **Chicago's River North** area is home to a new 5,000-square-foot nuHaus showroom that highlights the kitchen company's Bauhaus-influenced aesthetic. Customers can browse the space's five vignettes, including one for Downsview cabinetry, one for La Cornue ranges,

and one for nuHaus's own cabinet designs. Scanomat's TopBrewer (shown, \$9,000) is also on display, in its exclusive North American debut. The Dutch device dispenses brews from espresso to macchiato via a tap controlled by an iPad or iPhone. 312.595.1330, www.nuhaus.com
